Any substantive update on  
the case for me/were you

His suspension is up  
tomorrow so I have to take  
action here shortly

We won't have things  
wrapped up by tomorrow.

**Sheriff, I am hoping you or another deputy can be around when I talk with the Mr Lewis tonight.**

**Leader McCombie is also in Shannon tonight and requested law enforcement presence, so it is my hope that, with Shannon unable to provide that, you or another deputy could be present in Shannon during her meeting**

**What time are these meetings?**

**Leader McCombie is at an event at 630, I can meet with Mike at 545, or anytime that works for your department, give him time to collect his things, and then you or the deputy could head down to the meeting after that**

Thank you, Sheriff. I appreciate that, and for you coming down.

And great I'd love to chat about that. I am free every day over the lunch hour and every day after work except for tomorrow for the next week
